# Roadmap to success

THREE pupils from Fairfield High School beat off competition from across the city to win a quiz testing their geographical knowledge.

Year 11 students Elliot Strutt, Reuben Corbett and Toby Redfern won the WorldWise Quiz organised by Bristol Geographical Association at Bristol University's Great Hall, answering a range of challenging questions on GCSE geography, using mapping skills and identifying cities from photographs to come top of the 17 schools taking part.

Geography teacher Amy Hornsby said: "I was thrilled and proud in equal measure at the achievement of our talented trio during this competition.

"This spectacular trophy is now safely in Fairfield hands until next year, when we shall be defending our title.

"I would like to say a huge congratulations from all of the Fairfield family for this fantastic and richly deserved victory."

The Fairfield team will now go on to take part in a regional competition.
