

GCSE RESULTS

'Strong' results at Fairfield High School

LEADERS of Fairfield High School say pupils achieved a "strong set of GCSE results".

The school in Allfoxton Road, Horfield, has more than 1,000 students on its roll, many of whom live in Eastville and Stapleton.

A spokesperson said the school saw its "highest ever" collective number of GCSEs awarded at grades 8 and 9, reflecting a "focus on academic excellence for all", with one student achieving nine grade 9s.

The spokesperson added: "Fairfield would also like to recognise the achievements of students facing significant medical, social, or emotional challenges who, with the support of many internal teams, are celebrating strong results."

Vice-principal Cashan Campbell said: "Through the nurturing, care and guidance of our pastoral, first aid, teaching and exams teams, students who had been struggling have seen some fantastic achievements."

Principal Edel Cronin said: "We are extremely proud of our Year 11s, who leave us with a deep sense of personal achievement and a solid foundation on which to build their future."

"Days like today highlight the togetherness of our school community, as well as our continuous commitment to fostering and maintaining close relationships with every individual."

"The work we've put into building relationships and communicating with families, such as increased opportunities to come into school for events such as celebration assemblies, is evident to see."
